SUMMARY

Product designer and front-end developer with a background in brand design. Freelancing since 2019; recent work includes software products and a platform for managing client design systems. Open to full-time and contract roles.

EXPERIENCE

Digital Designer (Contract), DOMOTO — Mar 2026 – present

- Design and build a platform where client teams and AI tools can access brand assets, design tokens, and components across multiple brands.
- Design brand, print, and digital work for agency clients, including Fortune 500 companies.

Product Designer and Front-End Developer (Cofounder), Pocketwatch — 2026

- Designed the brand and interface for a personal finance app; built the SvelteKit front end with a backend partner.
- Launched with Stripe billing. Closed in 2026 because of running costs and difficulty marketing the app.

Designer and Developer (Sole Creator), Sonde — 2025 – 2026

- Designed, built, and operated an XRP Ledger explorer with portfolio tracking, wallet scoring, fund tracing, and an AI assistant.
- Released the code at github.com/tasyusef/sonde_os after closing the hosted app when costs exceeded subscription revenue.

Cofounder, Brand and Art Direction, PARC (Pixel Ape Rowboat Club) — Nov 2021 – present

NFT club on the XRP Ledger.

- Designed and built parcxrpl.com in SvelteKit: live collection stats, a gallery, and a playable rowing game.
- Led the 2026 rebrand: logo, five-color palette, and PARC Pixel, a custom typeface in three weights.

Brand Designer, First Ledger — Jan 2024 – Jan 2025

XRP Ledger trading platform. Platform scale, mid-2026: $1.2B volume, 165K peak users, 2M+ wallets, 42K+ audience.

- Designed the logo, type system, brand guidelines, and co-branding layouts for the bot, web app, and marketing.

Founding Designer (Cofounder), xrp.cafe — Jun 2021 – Jan 2024

NFT marketplace on the XRP Ledger. Platform scale, mid-2026: 32K followers, $16.2M volume, 6.7M transactions.

- Designed the identity, mascot, motion graphics, more than ten campaigns, and event booths for the marketplace.

Founder and Designer, Timothy Ali Design Ltd. — Nov 2019 – present

Independent studio: identity, motion, and web design for startups and small businesses.

- Jade Aesthetics (2025 – present): designed and built a Next.js site with 16 treatment pages on a shared template.
- FirstStrike Research (2025): designed a financial research blog's logo, palette, type, and guidelines.

PROJECTS

- **Toolbox (2026).** Designed and built a macOS and Linux app for preparing brand files, with CLI and MCP access.
