Timothy Ali

DESIGNER

Denver, CO · studio@timothyali.com · timothyali.com · linkedin.com/in/timothyali · github.com/tasyusef

SUMMARY

Designer working across interfaces, design systems, brands, and websites. Freelancing since 2019, with agency and cofounder experience. Open to full-time and contract roles, remotely or in Denver.

EXPERIENCE

Digital Designer (Contract), DOMOTO — Mar 2026 – present

- Design and build a platform where client teams and AI tools can access brand assets, design tokens, and components across multiple brands.
- Create brand, print, and digital work for Fortune 500 clients, residential developments, and luxury brands.

Cofounder, Brand and Art Direction, PARC (Pixel Ape Rowboat Club) — Nov 2021 – present

NFT club on the XRP Ledger.

- Led the 2026 rebrand: a logo on the apes' 5×5 pixel grid, a five-color palette, and PARC Pixel, a custom typeface.
- Designed and built parcxrpl.com: live collection stats, a gallery, merch, and a playable rowing game. Applied the identity across Discord, X, Twitch, and merch.

Founder and Designer, Timothy Ali Design Ltd. — Nov 2019 – present

Independent studio: identity, motion, and web design for startups and small businesses.

- Jade Aesthetics (2025 – present): developed the visual style from the spa's existing logo, then designed and built its site with 16 treatment pages on a shared template.
- FirstStrike Research (2025): designed a wordmark, lockups, palette, typography, and guidelines from the client's retro-print references.

Designer and Developer (Sole Creator), Sonde — 2025 – present

- Designed and built a free XRP Ledger explorer, and its pixel identity, for looking up any account or transaction.
- Closed the first version in July 2026 when costs exceeded subscription revenue; rebuilt it that October to run for $0 a month, open source under the AGPL.

Brand Designer, First Ledger — Jan 2024 – Jan 2025

XRP Ledger trading platform. Platform scale, mid-2026: $1.2B volume, 165K peak users, 2M+ wallets, 42K+ audience.

- Designed the logo, type system, brand guidelines, and co-branding layouts for the bot, web app, and marketing.

Founding Designer (Cofounder), xrp.cafe — Jun 2021 – Jan 2024

NFT marketplace on the XRP Ledger. Platform scale, mid-2026: 32K followers, $16.2M volume, 6.7M transactions.

- Designed the identity, mascot, motion graphics, more than ten campaigns, and event booths for the marketplace.

PROJECTS

- **Toolbox (2026).** Designed and built a desktop app for macOS, Windows, and Linux that prepares brand files, with CLI and MCP access.
